The following pages present a history of NLRB petition/election statistics and work stoppage statistics—from the Bloomberg BNA Elections and Work Stoppages databases respectively—for SEIU from January 2016 through December 2025. Bloomberg BNA collects petition/election information from the National Labor Relations Board's headquarters and 26 regional offices. Work stoppage data is compiled using published sources only, including newspapers, union publications, Bloomberg BNA labor publications, and government reports.
